

SIMPLE & FREE

Household hazardous waste (HHW) collections protect what we love about Cape Cod, especially our precious local drinking water. Most chemicals are too toxic to throw away in regular trash or dump down the drain, so FREE collections are being held to take that waste off your hands and keep it out of our water supply.

Are you a small business? Do you use chemicals? To make your state required disposal arrangements and obtain pricing, contact Kalliope Egloff, Hazardous Material Specialist, at #508-375-6699.

BRING THESE ITEMS TO YOUR COLLECTION

WANTED! MERCURY

It is important to keep mercury out of our water supply. To dispose of household mercury products, such as thermometers, thermostats or barometers, bring items to your local HHW collection. If you come across large amounts of mercury in your home contact us at #508-375-6699.

Bring to your local Household Hazardous Waste (HHW) Collection

Call the HHW team at phone# 508-375-6699 for FREE pick-up
